OBJECTIVE :

Passionate and motivated fresher seeking opportunities to leverage skills in web development technologies such as HTML, CSS, JavaScript, Angular 16, Bootstrap, and more, to contribute to innovative projects and gain valuable experience in the field.

EDUCATION :

S No	Qualification	School/University	Passing Year	Percentage/CGPA
1.	B-Tech[CSE]	Raipur Institute of Technology, Raipur (C.G.)	2022	79.99%
2.	12th	Jatan Devi Daga Higher Secondary School	2018	6.1 CGPA
3.	10th	Jatan Devi Daga Higher Secondary School	2016	7.0 CGPA

TECHNICAL SKILLS :

➢ Proficient in HTML, CSS, and JavaScript for front-end development.
➢ Experienced in using Angular 16 framework for building dynamic and interactive web applications.
➢ Proficient in Bootstrap for responsive web design and mobile-first development.
➢ Solid understanding of TypeScript for building scalable and maintainable web applications.
➢ Competent in jQuery for simplifying client-side scripting tasks and DOM manipulation.
➢ Experienced in handling JSON data and utilizing Ajax for asynchronous communication between client and server.
➢ Familiarity with LESS and Sass preprocessors for efficient CSS styling and management.
➢ Proficient in Core PHP for server-side scripting and dynamic web page development.
➢ Basic understanding of C programming language for system-level programming tasks.
➢ Knowledgeable in Node.js and Express.js for building server-side applications and APIs.
➢ Familiar with MongoDB and MySQL databases for data storage and retrieval.
➢ Experience with version control using GitHub for collaborative software development.

WORK EXPERIENCE :

▶ Web Developer(Intern)

Proximity IT Solution, Raipur
As a Web Developer at Proximity IT Solution in India from December 2022 to May 2023, I played a crucial role in developing and maintaining the company's website and web applications.

I utilized my skills in HTML, CSS, JavaScript, and other web development tools to create user-friendly and visually appealing websites for clients.

- Developed and maintained company website
- Utilized HTML, CSS, JavaScript to create user-friendly sites

Personal Projects

1. **ONLINE SHOPPING TEMPLATE (OSA)**
   Understanding how to design a shopping online application that allows customers to browser, filter, sort products and create a custom shopping cart.
2. **ONLINE VIDEO TUTORIAL LIBRARY (OVL)**
   Understanding how to design a Video Library like YouTube application that allows admin to upload, modify and delete videos. Customer can watch videos after register and login.

Technologies Used: Front End : HTML, CSS, JavaScript, jQuery

Backend: Node JS, Express JS and MongoDB
